Happy 10th, Raue

To the Editor:

Happy 10th anniversary, Raue Center for the Arts. As promised, you've been "Rocking the Raue" this season and proving there truly is "no business like show business!"

This month alone, we've seen the return of One Night of Queen (popular Queen tribute band), which had the audience on their feet all evening for a performance that was as good as the real thing. Then the 3 Redneck Tenors, en route to a 32-week engagement in Branson, Mo., returned for an evening that in their own words featured "the familiar, the peculiar, and literally something for everyone."

The resonance of their voices singing Broadway tunes and ending with the finest of opera truly rocked the house, and their comedy had the audience rolling with laughter.

Thank you for continuing to offer the community such a wide range of top-notch, reasonably priced family entertainment right in our own backyard. Keep up the good work!
